Sailboat Racing

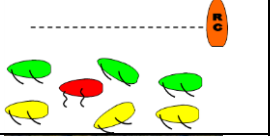

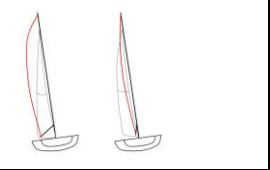

Weekly Seminar at Portage Yacht Club
Thursdays: April 7 – May 5
7:30 – 9:00 PM

Member

One-design sailboat racing is a simple game (first one to the finish line wins) with many different aspects including sail trim, boat handling, strategy, tactics, and rules.

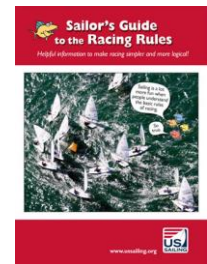

Join us for four sessions that will teach you what you need to know to enjoy this fascinating life-long pursuit.

	April 7	When Boats Meet – What happens when you meet another racing boat
	April 14	Crewing – How all the people on the boat work together – and what happens when they don't!
	April 21	The Need for Speed with Skip Dieball – Etchells World Champion Skip Dieball will show us all how to set up your boat for optimum performance.
	April 28	Preparation and Reaction with Rick Lyons and Craig Kivi – How to prepare for a race, recognize what's happening, and react to the unexpected.
	May 5	Race Management – Taking the mystery out of how races are run and how our equipment works.

Each participant will receive a copy of “*Sailor’s Guide to the Racing Rules*” by US Sailing, a brief and concise introduction to the rules you need to know.
