## Second Page of 2023 Entry Form

---

For every boat registered in either the Gold or Silver Series, a representative of that boat must be available for race management(s) for that series. By responding to the questions below, you will make it possible for the Race Committee to attempt to arrange convenient scheduling for your race management duties. Lack of response will be taken to mean that you are willing to be scheduled at any time. ***Preferences given to early entries!!!***

Registrants may volunteer for ***race management duties in a Series for which they are not registered***. This also creates additional opportunities for those who have the time and the desire to hone their race management skills by seeking additional duty, or, for those who are just learning, to serve with experienced managers to accelerate their learning. Offering to serve beyond your obligation is greatly appreciated.

---

### GOLD SERIES - WEEKEND RACING

Please schedule me for these dates:

Please **DO NOT** schedule me for these dates:

---

---

### SILVER SERIES - THURSDAY NIGHTS

Please schedule me for these dates:

Please **DO NOT** schedule me for these dates:

---

---

Do you know anybody interested in occasionally or regularly serving as a scorer on the Race Management boat? If so, please provide contact information. 'On the Job' training will be provided

as necessary:

If you are you willing to be scheduled for the Silver Series to manage more races than you would assigned to manage, how many additional races do you volunteer for?

If yes, any conditions?
